 THE ABILITY TO DO TOGETHER (INTERDEPENDENCE - SCOPE)

SCOPE	OBSERVED ASPECT	FLUXONOMIC MEANING OF THE OBSERVED ASPECT	CONCEPT AXIS	CONCEPT AXIS PERSPECTIVE	FORCES	QUESTIONS
SOCIAL / CULTURAL	SIGNIFICATIVE PROPOSAL	Interrelated set of actions that an institution or group offers the community, based on declared principles and procedures.	ACTIVATING	Able to make available—according to common interests—relationships and resources that were not available before.	STRATEGIC PROPOSAL (CUL)	<i>Is the project's proposal significant and capable of social activation?</i> <i>Is the project (or institution) capable of implementing strategic mechanisms for tangibles and intangibles' combined activation? Does it aim to socially transform and respond to macro and micro needs? What formal and sustained mechanisms does it implement to achieve it?</i>
					CONSISTENT PROPOSAL (ENV)	
					CELEBRATIVE/COLLECTIVE PROPOSAL (SOC)	
					RESONANT PROPOSAL (FIN)	
					ACTIVATING PROPOSAL (AXI)	
SOCIAL / ENVIRONMENTAL	ORGANISATION	Set of individuals and groups that interact synergistically and consistently with clear and manifested commitments.	CONSCIENT / TRANSLOCAL	With an interdependent approach, it promotes fusion between communities and social/local movements; in cooperation, from a decentralising local logic and centralising global logic with transformative impact on micro actions.	LOCATED / CONSCIOUS ORGANISATION (CUL)	<i>Does the project build its organisation based upon conscientious and translocal concepts?</i> <i>Is the project (or institution) responding to its mission in a situated and inclusive way? Was it executed in a reliable way over time? What formal and sustained mechanisms do you implement to achieve this?</i>
					SUSTAINED ORGANISATION (ENV)	
					INCLUSIVE/INTERDEPENDENT ORGANISATION (SOC)	
					RELIABLE ORGANISATION (FIN)	
					CONSCIENT/TRANSLOCAL ORGANISATION (AXI)	
SOCIAL / SOCIAL	GOVERNANCE	Set of criteria (fundamental principles and values) and tools for participation and management of an organisation.	CO-EVOLUTIONARY	It is organised by common sense strategies to interpret and channel/convey/converge /steer events, putting into practice resilient processes to make the most of what it has and what it is.	PROPOSITIVE GOVERNANCE (CUL)	<i>Does the project adopt a co-evolutionary governance model?</i> <i>Does the project (or institution) establish and fulfil its principles, mechanisms, and actions? Is it able to develop in a dynamic way, with continuous improvements on its management models? Is it a reference to others due to its coherence and commitment? What formal and sustained mechanisms do you implement to achieve this?</i>
					DIVERSE GOVERNANCE (ENV)	
					COMMITTED GOVERNANCE (SOC)	
					RELIABLE GOVERNANCE (FIN)	
					REGENERATIVE GOVERNANCE / CO-EVOLUTIONARY (AXI)	
SOCIAL / CREDIT	CREDIBILITY	Reliability/trustworthiness achieved by an organisation or person who enables, based on their actions, further development of relationships and commitments.	INFLUENTIAL	Ability to impregnate in multiple cultural contexts, able to transfer, transpose, and spread overcoming practices for common interests.	CREATIVE CREDIBILITY (CUL)	<i>Is the project's credibility influential?</i> <i>Does the project (or institution) manage to radiate enabling qualities to influence and inspire other practices, institutions or projects? What formal and sustained mechanisms does it implement to achieve this?</i>
					QUALITATIVE CREDIBILITY (ENV)	
					WIDE/BROAD RANGE CREDIBILITY (SOC)	
					IRRADIANT CREDIBILITY (FIN)	
					INFLUENTIAL CREDIBILITY (AXI)
